MONTHLY FINANCIAL STATEMENTS

DATE: September 26, 2023
TO: Mayor and Council

RE: Comments related to summary of revenues and expenses compared to budget for the period ended August 31, 2023.

Attached is a summary that compares our actual revenues and expenses to our operational budget for our major funds subject to budgetary control for the period ending August 31, 2023. The following comments are related thereto:

General and Ancillary Funds: These funds continue to do well in comparison to the budget. I have included the Cemetery Fund this month and will continue to do so in the future. The actual total revenues are over budget by \$820,819. A few of the main overages are as follows:

Sales taxes	231,000
Fines	170,000
Lake End Park/Parkway	134,000

Operating expenses are below budget by \$491,530. The net loss of \$3,496,272 is a favorable variance of \$1,393,797 compared to the budget.

Utility Fund: We are really seeing the effects of the timing difference in billing this time of year in addition to the revenue being lower than expected. Revenues are currently under budget by \$3,075,847 mainly due to electrical revenues. However, the operational expenses are also under budget \$1,745,867 with the cost of purchased power under budget \$1,711,450. The net income of \$3,092,339 creates an unfavorable budget variance in the amount of \$1,171,323.

Sanitation and Sewer Fund: The operating revenues are \$128,106 under budget, with total operating expenses under budget by \$127,000. The net loss of \$496,714 leaves another slightly unfavorable budget variance of \$5,428.

Respectfully submitted,
